

GC PARTNERS

What we do

We make it simple for 150,000 clients (and counting) to transfer money to over 125 markets globally. Last year we transacted \$6.8 billion, helping small to medium size businesses, major international corporations, fund and bond managers, trustees and private clients. Providing solutions for FX and international payments, risk management and mass payments.

International Payments

Almost \$7bn transacted last year

Over 150k happy customers

FCA authorised

6 offices around the world

GC Partners assist our corporate clients in mitigating FX risks by delivering market leading service and execution. Through our extensive network of global liquidity partners, we ensure best in class currency capabilities, enabling our client's access to the markets and products they require to trade internationally.

Our goal is to help protect your business from currency volatility and ensure stable profit margins to enable sustainable growth.

We work with thousands of clients who have sent payments across 125 markets, offering 38 currencies. Each client allocated a personal relationship manager to support their specific business needs. Together we'll set about an in-depth review of your requirements and then assist with implementing a strategy that is right for you.

We give our clients the flexibility to trade and allocate payments online through their GC Partners account, or leverage the expertise of your relationship manager who will be on hand to assist you every step of the way.

Currency services, tailor made for your business

- Arrange FX transactions directly with your account manager, or via your online portal.
- Utilise our expertise and extensive product suite to protect your business from currency volatility, and ensure stable profit margins to enable sustainable growth.
- Add and manage beneficiaries, instruct outward payments, and use our bulk upload feature for mass payments, all via your online portal.
- View balances, access transaction history, statements, and payment confirmations. This makes audit trails easy.
- Maintain control of your account utilising multi-level authorisation enabling your team to view, instruct, and authorise payments with dual and triple level authorisation.
